Shelsy N Corado-Perez

shelsy_coradope@berkeley.edu |linkedin.com/in/shelsycorado | https://github.com/shelly350

EDUCATION

University of California, Berkeley **Berkeley, CA**
Bachelor of Arts in Computer Science and Data Science *08/2025 – 05/2028*

- **Relevant Coursework:** Data Structures, Foundations of Data Science

EXPERIENCE

Legali AI
Software Engineering Intern *06/2026 – 07/2026*

- Developed mobile and web application features using **Flutter and Dart**, translating product requirements into functional software for a mental wellness platform.
- Built and tested features in an **iOS development environment**, debugging application behavior and iterating on functionality based on project requirements.
- Worked independently to investigate technical issues, implement solutions, and communicate development progress and challenges.
- Used **Git and GitHub** to manage development work and collaborate within a software engineering environment.

University of California, Berkeley **Berkeley, CA**
Library Student Assistant *10/2025 – Present*

- Independently manage daily operations and complete assigned responsibilities accurately and efficiently in a high-volume university environment.

PROJECTS

Air Quality Data Project, FLi Sci Data Science Cohort *05/2024 – 09/2025*

- Analyzed **9 environmental datasets with 500+ rows each** to identify pollution trends and environmental risk factors.
- Conducted **exploratory data analysis** and created visualizations to communicate technical findings to peers and cohort mentors.
- Collaborated with a team of 4–5 students to analyze data and present findings on environmental impacts.
- Created data visualizations to communicate findings and make trends accessible to peers and cohort mentors.

Find A Local Service, CS Kickstart Project (UC Berkeley) *08/2025*

- Developed a **responsive web platform** connecting local businesses with potential clients.
- Implemented **ZIP code and service-type search** and business profiles with descriptions and images to improve discoverability.
- Collaborated with a **3-person team** to design and implement an accessible user interface.

LEADERSHIP

Political Computer Science **University of California, Berkeley**
Project Manager *01/2026 – Present*

- Manage project scope, timelines, and task delegation to coordinate development milestones.
- Collaborate with team members to track progress and communicate project updates and findings.

Fonar (Open Project) **University of California, Berkeley**
Frontend Developer *01/2026 – 05/2026*

- Led project development from planning through implementation, coordinating technical tasks and team responsibilities to meet milestones.
- Contributed to **frontend development**, implementing project features and collaborating with team members to improve the user experience.
- Communicated project progress, technical tasks, and development priorities with team members.

Technical SKILLS

Skills: Python, Java, R, SQL, Pandas, NumPy, Exploratory Data Analysis, Data Visualization, Git, Supabase, C
Developer Tools: Git, GitHub, IntelliJ, RStudio, Supabase
